AGAPANTHUS QUEEN MUM™

(b) Produces large heads of dual coloured blue and white flowers during Summer. It has low seed viability. Tolerates frost and most soil types. Position in full sun to part shade. Low watering requirements once established.

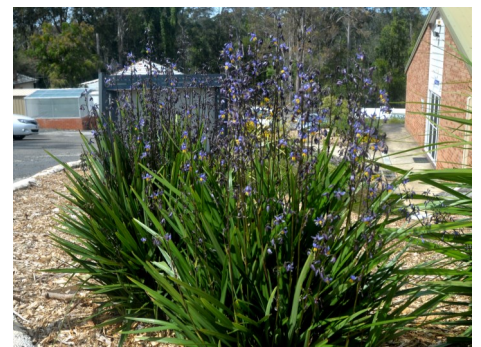

H 150cm W 120cm

CONOSTYLIS candicans SILVER SUNRISE (b)

Dwarf clumping form with soft silvery foliage and yellow round flowers in Spring. Great for rockeries, borders, low maintenance gardens and coastal plantings. Position in full sun in well draining soil. Low water requirements once established.

H 20cm W 30cm

DIANELLA FLORERO (b)

New low compact form of Dianella with delicate lilac flowers in Spring. Purple berries are produced after flowering. Great for narrow borders, rockeries and low plantings. Tolerant of most soil types. Sun or part shade. Low water requirements once established.

H 30cm W 20cm

GRASSES

DIANELLA UTOPIA® (b)

Has stunning blue and purple broad leaved foliage that sporadically twists creating a unique effect. Utopia tolerates frost and drought once established. Great contrast plant. Requires well drained soils. Avoid poor soils. Full sun or part shade.

H 50cm W 50cm

HEMEROCALLIS STELLA BELLA

Evergreen yellow daylily that reblooms up to six months of the year. Hardy low maintenance plant. Useful for borders or en masse display in garden beds. Frost hardy. Position in full sun in moist soil. Moderate water requirements.

H 40cm W 40cm

LIRIOPE JUST RIGHT (b)

Superior form of Evergreen Giant, that is more compact and dense with uniform growth. Useful for borders, garden beds, under-planting trees and in shady areas. Flowers in Summer. Will grow in sun or shade. Low water requirements.

H 50cm W 50cm

LOMANDA LIME WAVE

An attractive Lomandra with long, bright green, fine, weeping foliage. Small yellow blooms appear on long stems in Spring and Summer. Frost tolerant. Plant in full sun or light shade. Low watering required once established.

H 70cm W 70m

TULBAGHIA SILVER LACE

Superb plant for borders and low mass plantings. Very hardy and easy to grow. It has clusters of pink flowers from Spring to Autumn held above the variegated foliage. Some watering required in extended dry periods.

Position in full sun.

H 25cm W 30cm

ORTHROSANTHUS MORNING STAR

Erect, tufted mound of strappy leaved foliage. During Spring dainty star shaped flowers appear from either pale blue to deeper shades of mauve. Plant in full sun or light shade. Low watering required once established.

H 50cm W 50m
