## SCAEVOLA

**FANDANGO™ WHITE WONDER** A fleshy groundcover with a more open habit. It has an abundance of bigger white flowers with lemon centres held above the foliage.

Full Sun/Part Shade  
H 15cm W 40cm

Scaevola aemula varieties require moist well draining soils. They have a long flowering period and look spectacular when mass planted. They vary by their growth habit, flower colour and flower size. They will tolerate dry conditions however plants respond better to some watering over the summer.

**KINGS PARK MIDNIGHT** (b)

A quick growing prostrate groundcover with deep purple flowers. Chosen for its good colour, habit and strength.

Full Sun  
H 25cm W 100cm

**MAUVE CLUSTERS** A dense ground cover with lush, bright green foliage and an abundance of small mauve fan-shaped flowers throughout most of the year.

Full Sun/Part Shade  
H 20cm W 100cm

**PURPLE FANFARE** A very popular variety of Scaevola with a mass of stunning purple fan-shaped flowers held above the foliage throughout the warmer months.

Full Sun/Part Shade  
H 30cm W 150cm

**WHITE CARPET**

A dense, flat, fast growing groundcover with a mass of small white fan-shaped flowers over bright green foliage.
